

SEPT 9-10 2017

R/C Madness - 101 North St., Enfield, CT 06083 - p: 860-741-6501

JConcepts, in conjunction with R/C Madness in Enfield, Connecticut, introduce the **3rd Annual Outdoor Turf Nationals**. The dedicated AstroTurf surface created by Chris Marcy combines a large outdoor venue with the grippy green surface used at international events around the world including the 2015 IFMAR World Championships. An experience like none other gives racers the unique opportunity to test their skills on the Turf while negotiating the course at roaring speed. A multitude of classes are offered for all skill level and accomplishment. JConcepts control tires will be utilized in the 2wd, 4wd, truck and SCT classes. Test your skills against drivers such as Spencer Rivkin, Alex Kosciuszek and others in a controlled environment while supporting a refreshing twist on traditional off-road racing. Save the date, book the trip and signup now via RCsignup.com or contact R/C Madness directly for additional information. Go green in September of 2017.
