

In 2018, JConcepts introduced 2 exciting new race events to accompany the extremely popular JConcepts Turf Nationals event realizing the growing interest in artificial-surface racing that was happening all over the United States. After hosting the inaugural NW Carpet Nationals and Midwest Carpet Nationals event, we instantly knew the potential, excitement, and interest in artificial surface racing was definitely real and that it needed to have a unique, top-notch race series of its own.

By combining our experiences gathered from 9 amazing seasons of the JConcepts Indoor National Series and the thrill of racing on high traction surfaces, JConcepts is proud to present the all-new 2019 JConcepts National Carpet & Turf Series (NCTS). This fast pace, ultra-high grip off-road race series consists of 4 unique tracks located across America taking the best 3 of 4 race results to crown series overall Champions.

If speed, intensity, and grip is your thing, look no further than the 2019 JConcepts NCTS as we are excited to bring you the cutting edge of carpet and Astroturf racing!

Here are the locations and dates for the upcoming 2019 NCTS season!

JConcepts Western Carpet Nationals

March 22nd - 24th 702 Raceway - Las Vegas, NV
