

The 2018 season marked the 10th year of the Super Cup Championship Series, which started life after a collaboration between Bobby Phillips and Jason Ruona. A decades worth of traveling, racing champions, awards banquets and ultimately the gift of friendships, there is certainly a lot to be thankful for. Traditionally, the Super Cup has always featured spring and fall sessions, however, we wanted to start 2019 with a fresh slate.

Let's Race has always been our motto, however, we want 2019 to be Red Hot. Beginning in 2019, the Super Cup Championship Series will become a 4 race format with a 5th event serving as a series final. The best 4 of 5 series will begin January 12th at SS Hobbies & Raceway in Tampa, FL, which provides a covered track and pavilion and will also serve as the host location for the 2018 awards banquet.

The 2nd half of the year marks the return of the Super Indoor Tour Series, that will consist of a different race format utilizing brackets, similar to that of like Supercross with semi-finals and finals. The venues were also carefully selected to ensure a fantastic time no matter rain or shine so come out and enjoy some of the best racing Florida has to offer!
